

**Step 1:** Learn more about the CREDI and select between the Short Form and the Long Form

[\[Click to Download the CREDI User Guide\]](#)

**Short Form:**

- Appropriate for large-scale surveys and monitoring efforts
- Provides an overall score capturing early childhood development

**Long Form:**

- Appropriate for research and evaluation projects
- Provides domain-specific scores in motor, cognitive, language, social-emotional, and mental health development

**Step 2:** Review and prepare **Short Form** materials
